

Achieving Sustainable Development Goals: Towards 2030

Goal: 14, 15, 6, 10, 16, 17

Prepared by: Group 3

Outline of Presentation

1. Introduction
2. Current Achievement
3. Major Problem & Solution
4. Minor Problem & Solution
5. Conclusion

Introduction

- This is collaboration of group 3A and 3B
- Environment SDG 14
- Social SDG 6 and 10
- Economic 16 and 17

Current Achievement

Environment Pillar

SDG14

Artificial coral reef

2nd Penang Bridge based on environmental friendly planning

Major problem and solutions (SDG 14)

Target (Code)	Problem (What is the problem related to the target)	Activity (How to overcome the problem?)
14.1	pencemaran dari sumber industri, pelancongan, penternakan dan perumahan	Pendidikan Awam
		Penguatkuasaan
		Pemeriksaan Undang-undang
		Penglibatan masyarakat
14.2	Land reclamation	EIA report approved by DOE
		Method of reclamation
	Severe traffic congestion-need for underwater tunnel	Statement of need for reason to reclaim land
		Improve public transportation
14.3	Decrease in fish stock	Identify specific industrial zones
		Improve ferry service (water taxi, katamaran)
		Decrease sea pollution by ensuring the rivers are clean
14.4	Illegal fishing from Thailand and Indonesia - Fish supply to Penang decrease	Education and awareness campaign followed by enforcement to stop river pollution
		Increase enforcement
14.6	Overfishing	Penguatkuasaan yang lebih ketat

Current Achievement

Economic Pillar

SDG 16 & 17

Healthy FDI flow

Practice of good governance

CAT

State with the lowest debt

Major problems & solutions (SDG 16)

16.1	Kepadatan penduduk di sesuatu kawasan	memperluaskan kawasan pemajuan tanpa mengira sempadan negeri Mempertingkatkan jaringan perhubungan dan pengangkutan
16.2	Sexual/physical/verbal abuse	Comprehensive sex education in school syllabus Advocate balance and healthy family lifestyle including religious grounding Education and counselling to parents regarding constructive and loving parenting relationship
	Human trafficking	Stricter anti-trafficking laws
16.5	Bribery exist in all levels	Increase salary Education from school - integrity Upbringing from the family
16.7	Lack of transparency, accountability	Focus Group Discussion Dialogue Evidence based decision
	Lack of sex disaggregated data and disability data	Collecting holistic data for better policy making Open sharing of data between state and federal agencies
16.9	Masalah sijil kelahiran/kad pengenalan dalam kalangan senior citizens	Berhubung dengan JPN, peranan ADUN

Major problems & solutions (SDG 17)

17.1	Exploitation of tax on people	Increase accountability in tax management to avoid abuse of tax measures
		Increase tax on the rich 1%
		Eliminate all type of tax loopholes (tax haven)
		Increase efficiency in tax collection in existing corporate companies
	Lack of domestic capacity	Create more jobs opportunity
		Provide training/skills
	Kurang pelabur	Banyakkan usaha/promosi untuk menarik pelabur asing
		Menstabilkan Ringgit Malaysia
Mengurangkan ketirisan/index korupsi		
Sinergikan antara state dan federal government		
Halal Hub not aggressive	Aggressive promotion	
Penjenamaan pelancongan di Penang kurang menyerlah dalam kalangan pelancong	Integrated tourism products, more active promotion	
	Promosi eco-tourism	
17.6	Monopoly of telco	non monopoly policy for healthy competition
		common ducting

Major problems & solutions (SDG 17)

17.7	Tiada data di peringkat macro-level	Establishment of committee to monitor amount committed to public and private partnership
17.8	Lack of subsidies to enhance ownership to data access	Create more Wifi centres
		Price control on telco services (fixing ceiling prices)
		Encourage and monitor corporate social responsibility (CSR) to avoid conflict of interest
	Expensive and slow speed of internet	Increase the speed of internet and reduce the internet price
	Low coverage area	Increase the coverage area in rural area
	No capacity building support	Looking for international/industry support
	Speed of the internet	Increase the speed of internet - optic fibre, bigger budget for communication, upgrade/maintenance etc
17.9	Lack of public-private people partnership	Awareness on the importance of data sharing among agencies Clear terms of agreement between stakeholders in partnership
17.16	Lack of skills in managing funds to enhance trust between stakeholders	Implement and enforce CAT and audits Take full responsibility and face legal action if found guilty
17.17	Lack of community & private partner involvement	Increase public engagement and involvement in all program and activities run by government agencies & NGO's Introduce attractive incentives for private public partners

Current Achievement

Social Pillar

SDG 6 & 10

PWDC / PGC / PYDC / and others

Public engagement by local councils

GRPB

Major problems & solutions (SDG 6)

6.1	Water not safely treated (industry/household)	Ketatkan kawalan sisa air ke sungai etc. (hazardous chemical from industry/household)
6.2	No problem (incase of extreme climate)	Sistem pengumpulan air hujan untuk bangunan Perlaksanaan pemasangan water saving device
6.3	Release of untreated wastewater	Enforcement
6.6	Pencerobohan kawasan tadahan air	Penguatkuasaan
6.a	Expensive technology	Joint venture public-private partnership Bilateral governmental agreements Support from mega corporation
	Lack of expertise	Transfer of technology between countries Sending engineers for training in countries like Singapore and Saudi Arabia- subsidized Collaboration with technical-based agencies eg.JICA
6.b	Lack of awareness among communities and local administrative units on the need for improving water and sanitation management	Training on international agreed objective, aims, target Awareness program/campaign maximizing social media platforms
	Polluted drainage system near food vendors area	Grease trap condition for food business's licences

Major problems & solutions (SDG 10)

10.1	Low annual income in B40 group	Increase business skill for stay at home spouses Increase social support for working mothers State incentives for single mothers/disable people
	Mindset issue - depending on subsidiary	Stop giving subsidiary Education system and family education
	labour - younger generation mentality	Coaching
10.2	Dasar-dasar kerajaan yang diperkenalkan terlalu berfokuskan kepada kaum dan bukannya isu	Increase awareness on human rights and needs based on international instruments ICERD Mengenalpasti komuniti atau golongan yang terlibat
	disabilities awareness - universal design (not wellverse)	compulsory course in universities for engineering students
10.4	Unequal salary based on gender in private sector	Ammendment to labour law

Conclusion

Alignment of SDG into department framework for common goals and objectives

SDG helps to focus on result-based approach

Importance the need to have multi agency collaboration and common goals/objectives/targets.

Speak a common data based global language.

THANK YOU

TERIMA KASIH
