

Achieving Sustainable Development Goals: Towards 2030

Goal:

Prepared by: **Group 3**

GROUP 3

GOAL 14,15,6,10 & 16

Activities

Environmental Pillar

GOAL 14: LIFE BELOW WATER

1. MONITORING OF SEA POLLUTION ACTIVITIES
2. PRESERVE AND CONSERVE MARINE LIFE

GOAL 15: LIFE ON LAND

1. WASTE SEGREGATION AND IMPLEMENTATION OF 4R
2. PROVIDE AND INCREASE GREEN LUNGS

GOAL 14: LIFE BELOW WATER

1. MONITORING OF SEA POLLUTION ACTIVITIES

- Pemeriksaan kualiti air laut secara berkala
- Meningkatkan kesedaran terhadap pencemaran air seperti mengadakan program "Beach cleanup" – mudballs, pembersihan laut.
- Kumpul dan kitar semula sampah yang terbuang di laut
- Menguatkuasakan undang-undang dengan mengenakan penalti yang tinggi kepada mereka yang melakukan tumpahan minyak (safety audit)
- Kawal tambakan tanah dipersisiran pantai dan tingkatkan kawalan tambakan tanah-Sustainable and control activities
- Awareness to divers not to disturb the marine life
- Enforcement on illegal dumping
- Ecotourism must be control to avoid sea and coastal pollutions
- reduce water sport activities
- Penguatkuasaan kawalan ke atas industri kilang, pembuangan minyak dari kapal
- Research on effect of global warming on sea level and marine lives

GOAL 14: LIFE BELOW WATER

2. PRESERVE AND CONSERVE MARINE LIFE

- Penternakan ikan secara akuakultur (sekuriti/permintaan makanan)
- Menambah aktiviti penternakan makanan laut
- Mewartakan kawasan taman laut
- More studies about Sea and Marine Life - the effect
- Control of Overfishing
- Awareness to divers not to disturb the marine life
- using the correct fishing method
- replace and planting new coral
- create artificial coral reef
- developer of eco-tourism must educated to preserve life below water
- healthy mangrove forests -sustain marine life
- Encourage aquaculture activities
- Penguatkuasaan terhadap semua aktiviti marin
- Mengawal kawasan untuk penternakan hidupan laut (Jabatan Perikanan)

GOAL 15: LIFE ON LAND

1. WASTE SEGREGATION AND IMPLEMENTATION OF 4R

- Inovasi dalam sistem penapisan sisa buangan dari rumah dan pasar (e.g: minyak, sisa makanan)
- Education- Awareness
- Implementation of grease trap at home
- Pengasingan sisa di punca (waste segregation) (dikuatkuasakan oleh MBPP)

2. PROVIDE AND INCREASE GREEN LUNGS

- Tree planting for infrastructure development
- Maintenance of forest reserve
- Plant new trees to replace trees that are chopped
- Make use of Your little land at Home - encourage growing vegetables at home
- Hutan Simpan yang Dipelihara
- More Parks
- Local Plan should be gazzetted (SAP-Bukit bendera, SAP Georgetown,
- Pemaju kena serahkan banyak tanah Lapang
- Illegal poaching
- Government to control the development - increase awareness of law of deforestation and ensure enforcement
- Identifying the abandoned land to build new housing area rather than clear forest
- every new housing area has a green area
- Awareness on preserve nature – i.e. The Habitat - Penang Hill nature trail

GOAL 15: LIFE ON LAND

3. TOWARDS SUSTAINABLE ENVIRONMENT

- Prudent water management
- Melaksanakan "Green Building"
- Tidak menggunakan racun serangga seperti menggantikan racun serangga pada bahan organik
- Membuat peraturan berkaitan kawasan ternakan di kawasan perumahan
- Memindahkan haiwan liar ke hutan simpan sebelum pembangunan dijalankan.
- Memperbanyakkan shelter untuk haiwan terbiar dan melaksanakan kaedah "Trap Nuter Release"
- Water Catchment area - Logging Issue (Kuala Muda)
- Illegal Earthworks- Farming
- Local Plan should be gazzetted (SAP-Bukit bendera, SAP Georgetown,
- Preserve rivers from human and land development
- Conversion of riverside for recreational
- Implementation of grease trap at home
- Using biodegradeable item
- Education for young about enviroment
- Preservation of the mangroves
- Baja kompos
- Mengurangkan pembakaran terbuka

Activities

Social Pillar

GOAL 6: CLEAN WATER & SANITATION

1. SUSTAINABLE WITHDRAWALS AND SUPPLY OF FRESHWATER
2. WATER RECYCLING

GOAL 10: REDUCE INEQUALITIES

1. JOB BENEFITS
2. COMMUNITY BENEFITS
3. TOWARDS SUSTAINABLE ENVIRONMENT

GOAL 6: CLEAN WATER & SANITATION

1. SUSTAINABLE WITHDRAWALS AND SUPPLY OF FRESHWATER

- Memastikan sistem penapisan air ditambahbaik supaya boleh diminum terus
- Meluaskan penggunaan tadahan air hujan
- Meningkatkan kesedaran kepada komuniti mengenai kepentingan menjaga sungai
- Promote the water saving device
- Increase the water Tariff
- Preserve the water catchment area
- Promote water purifying system
- improve water piping for clean water distribution to all area in penang (urban and rural)
- Awareness on water saving and reduce pollution
- Improve sanitation especially in rural areas
- Improve water treatment for sanitation waste
- Bodies/agencies to control water quality
- Desalination of sea water (water resources)

GOAL 6: CLEAN WATER & SANITATION

2. WATER RECYCLING

- Promote Rain Water Harvesting - SPAH
- Water Recycling and desalination Technologies
- Improve water treatment for sanitation waste

GOAL 10: REDUCE INEQUALITIES

1. JOB BENEFITS

- Not enough Engineering and banking carrier for female
- Increase the Maternity Leaves
- Incentives
- Hiring more Disable People - access job opportunity for disable person according to their skill set
- Run an office at Home- easy for women
- reduce inequalities wage gap
- shared responsibility at home and at work place
- job opportunity stay at home mothers
- Inclusivity in any jobs and economic activities
- Skills enhancement programmes
- Gender equality
- Improve distribution of aid
- Improve integrity (current situation: easier access to opportunities/cronyism)

GOAL 10: REDUCE INEQUALITIES

2. COMMUNITY BENEFITS

- Memberi bimbingan dan sentiasa berjumpa dengan komuniti yang memerlukan
- Government should provide low cost housing to the poorer - Projek Perumahan Rakyat (PPR)
- Government should set policies about the housing land - The lack enforcement of criteria house buyers
- need analysis for target group
- Creating equal facilities for rural and urban areas
- Waiver of assessment payment for low-cost houses
- Skills enhancement programmes
- Identify potential economic resources
- Balance development in all districts (decentralize) (eg: Facilities)
- Development of new township and industrial in mainland rather than island
- Development of infrastructure have universal design to accommodate disabilities

Activities

Economic Pillar

GOAL 16: PEACE, JUSTICE, AND STRONG INSTITUTIONS

1. IMPLEMENTATION / REVISE LAWS
2. SOCIAL AWARENESS

GOAL 16: PEACE, JUSTICE, AND STRONG INSTITUTIONS

1. IMPLEMENTATION / REVISE LAWS

- Parlimen perlu menggubal undang-undang untuk isu pelarian
- Kerajaan perlu memperbanyakkan pusat yang membantu pelarian
- Mobilize the Social workers
- Establish the security funds for the children
- To cut Women trafficking
- No entry for Refugees

GOAL 16: PEACE, JUSTICE, AND STRONG INSTITUTIONS

2. SOCIAL AWARENESS

- Ibubapa tidak perlu terlalu "over-protective" dan mencari punca sekiranya pihak sekolah melaporkan sebarang masalah tentang anak.
- Mengawal pendedahan anak-anak dengan media sosial
- Menggunakan media sosial untuk mengawal semula masalah buli
- Violence against All
- Education for primary in All subject
- Increase the social awareness in community level
- Mobilize the Social workers
- Create safe environment for the community
- Sustainable development/cities within our residential areas
- Provide infrastructure
- Government representative for helping in domestic violence
- Committees within residential areas
- Program Mendampingi Rakyat (police, welfare department, JPNIN etc.)
- Reduce birocracy in lodging reports for any domestic violence
- Memberi hak bekerja kepada pelarian

Conclusion

THANK YOU

TERIMA KASIH
